

## Expectations of Everyone in the Library

- If you feel ill, have a fever, have a non-allergy cough, or feel dizzy, you may not enter the library.
- **Sanitizer** will be used when entering the library. If you have an allergy to sanitizer, please alert the library staff.
- A **mask** is required to enter the library. Staff in public service areas will wear masks.
- Everyone will stay **6 feet** away from everyone else.
- Materials are cleaned and quarantined for 96 hours before re-shelving. If you handle library materials, please place them on a designated “return” shelf or cart so that staff can clean them before re-shelving.
- **Appointments** need to be made for 1/2 hour or 1 hour of public computer time per day and are not required for other services such as: faxing, copying, browsing books and picking up holds.
- Library users may only stay in the library for 30 minutes at this time except for 1 hour public computer appointments.
- **Hold your library card and library books** for staff to scan the barcode. Staff do not need to touch these items.
- There are no fines at this time.
- Earbuds and bottled water are available at the desk for \$1 (sorry, we do not make change).

*Thank you for your cooperation!*
