

Northampton Free Library (NFL)

Staff: We have experienced no changes in staff.

Building Maintenance: ANEC came out and installed two outside lights to brighten up the parking lot at night. The technician said that the cost should be a minimal increase of approximately \$10 a month.

Computer Usage: There were 420 computer users in February.

Meeting Room Usage: There were 13 requests in February for meeting room use.

Xerox Copier: Most of the problems with the copier have been fixed. Robert is still trying to fix our inability to scan to email that was working prior to the hardware block.

Summer Dahlmanns, Branch Manager, Northampton Free Library
