RE: Request Modification of Registration Policy

I request the modification of our Registration Policy to provide for a Guest Card that allows for use of electronic resources without proof of residency or identification, but does not allow borrowing of physical materials. Additionally, we would allow 1 replacement library card each year for all patrons at no cost; \$1 thereafter. Previously, only children were allowed one "free" replacement.

Both of these modifications are in the interest of increasing access to library services.

Cara Burton
