

## Chincoteague Island Library

Our Summer Reading Challenge Open House held yesterday at the library from 4 – 7 p.m. was very successful thanks to the help of the following people:

Board member Lisa Reed for coordinating with the Chincoteague Elementary and Combined School staff

Board member Nancy Cunningham for publicizing the event;

Amy Walch and Anne O'Connor for signing up students and parents to obtain library cards;

Kristin and Megan Scalley for assisting with the registration and refreshments;

Board member, librarian, and library volunteer Harriet Lonergan for help with the set up and the refreshments:

And, of course, the parents and students who took time out of their busy schedules to participate.

Registration will continue through June 28. Students need only come into the library during regular hours to fill out a registration slip and pick up an information packet and reading log to keep track of their summer reading.

For every 100 minutes read, students will be eligible to select a small prize OR to place their name in a jar for a drawing of local gift certificates which will take place on Thursday, August 16 at 11 a.m. Students must be present that day to win.

All students who complete their reading logs and hand them in by the 16<sup>th</sup> of August will receive a library bag of back-to-school supplies.
