- The biggest concern is the rising cost of health insurance
 - The current plan is calling for a 28% increase in premiums
 - The County staff have identified a comparable plan that would only be a 20% increase and are recommending it to the Supervisors
 - This will put a lot of pressure on the FY27 budget

LIBRARY DIRECTOR'S SYSTEM REPORT [C. Pote]

Eastern Shore Regional Library & Heritage Center: Parksley

- **Parking:** There has been some improvement, but people are still driving on the grass—C. Pote is working with the County to improve the parking situation. Discussion of enforcement to follow in new business.
- **HVAC:** The building was operating at about 50% the last two weeks; as of yesterday, the building was back to "normal", but there are still issues to be addressed.
- **Surge Protection:** the ESRL & HC is susceptible to electrical surges, so we're installing a surge protection for the entire facility.
- **Window Tinting:** Staff brought to C. Pote's attention that a large portion of the collection is in direct sunlight causing spines and labels to fade and degrade at a faster than normal rate.
 - C. Pote will pursue window tinting this year if budget allows.

Final evaluation scores and remarks will be discussed in closed session and may be used to determine potential cost of living increases, and/or merit bonuses.

Timeline:

- May Meeting – Personnel Committee will provide paper copies of the above to trustees who will complete the evaluation matrix and provide their remarks to the Personnel Committee within two weeks
- June Meeting (Closed Session) – Personnel Committee will provide paper copies of the consolidated input from the trustees for discussion and finalizing of individual scores and remarks.

See attached for the Director’s Evaluation Matrix to be completed by the trustees with their attached remarks which is to provide feedback to the director on their performance and areas of needed improvement. Rate each factor from 1 to 5 according to the guidelines below, using whole numbers, or if you have no knowledge to base the rating on, leave it blank and it will not be included in the averages and will not affect the overall score.

Scoring Guidelines:

- 1 Unsatisfactory / Requires Major Improvement: Performance falls short of established standards and demands substantial development. (Remarks required to support this rating)

- 3 Fully Meets Expectations: Performance reliably aligns with job requirements and fulfills all key responsibilities.
- 4 Above Expectations / Strong Performer: Performance regularly surpasses role expectations and delivers impactful results.

Process:

- Each trustee will provide their initial personal ratings of the director on the 11 Essential Functions in the job description as shown on the evaluation matrix, including any remarks they may have as an attachment to the matrix, to the Personnel Committee two weeks before the Closed Session.
- The Personnel Committee will compile the ratings into a consolidated matrix and consolidated remarks, which will be handed out at the Closed Session.
- These initial ratings will be the starting point for discussions during the Closed Session. Each trustee will be allowed to justify their scores and expand on their remarks and as a group reach agreement on each of the 11 functions and the overall score. Any additional remarks or adjustments to the initial scores or remarks should be hand-written on the handouts and turned in at the end of the Closed Session.
- After the closed session the Personnel Committee will make the needed changes to the matrix and remarks and remove the individual names of the board members from the scoring columns. Submitted by: Kate Baird – President - *Friends of the Eastern Shore Public Library*

Greetings from *The Friends*.

We hope everyone has been able to stay safe and warm and has had a chance to enjoy some quiet time in front of the fire with a good book over these last snowy and cold weeks.

Though it is a 'quiet time' of the year, the *Friends* have been busy working on behalf of the library.

Our combined Better World Books shipment for the months of December 2025 and January 2026 totaled 5 boxes, containing 124 books. Our gross sales for that period were \$1386.11 for a commission of \$151.33. Our YTD (July 2025-Jan. 2026) is \$426.91.

Our Bookshop sales for the month of January 2026 were \$554. And we were pleased to receive a combination of membership renewals and year end donations totaling \$1611.

The past two months have also included opportunities to distribute funds to support the library in a variety of ways. The *Friends* made a \$5000 contribution to the Foundation to go towards the purchase of the new library van. We also provided Charle Ricci, Acquisitions Librarian with \$5000 to purchase materials for the collection. We are pleased to know that a portion of that donation will be used to specifically help start the Recovery Reads project. We are also providing Tiffany Flores with \$3000 for the Summer Reading Fest.

The *Friends* were saddened to hear of the passing of Member Emeritus Ann Scott. In her name we will be purchasing a brick to recognize her contributions to the library through her work with the *Friends*. We will also be donating money to purchase additional materials for the Recovery Reads project as well as additional books for the mystery collection, Ann's favorite genre.

Friends' members continue to be busy shelving books, reading for the Saturday morning early literacy program, covering new books, processing donations and stocking our community outreach locations. We have June 13th marked on our calendars for the Summer Reading Kick-off and will be available to assist as needed for the STEM Party on March 14th.

As always we are honored to be working to support the incredible library system here on the shore and look forward to the many new and exciting opportunities that lay ahead.
